This form contains complete information regarding my daughter

We will find a marriage proposal belonging to your sect

17

The marriage service is only for the people of our sect

We do not care about the sect; we just want a nice boy

18

You belong to a good family; your work will be done!

I don't quite understand!

People have ordered these magazines online, we have to parcel them and collect donations

36

My friend! You are now a member of this community center and this is your responsibility

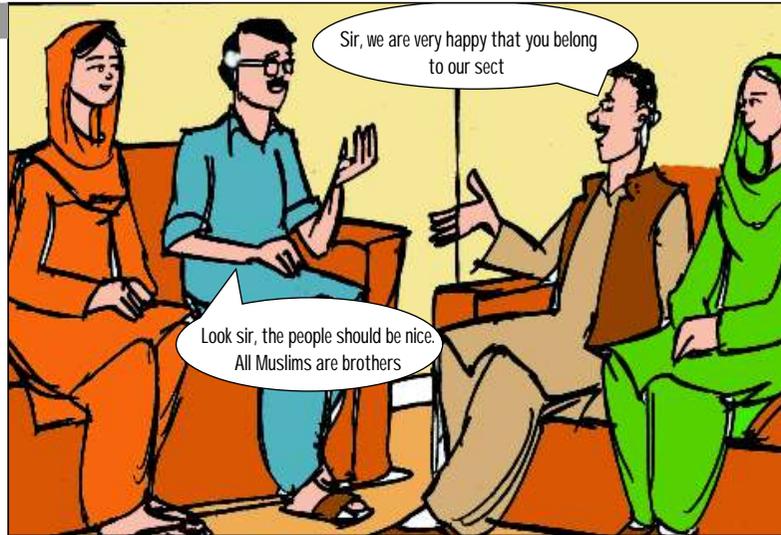

Sure!

37

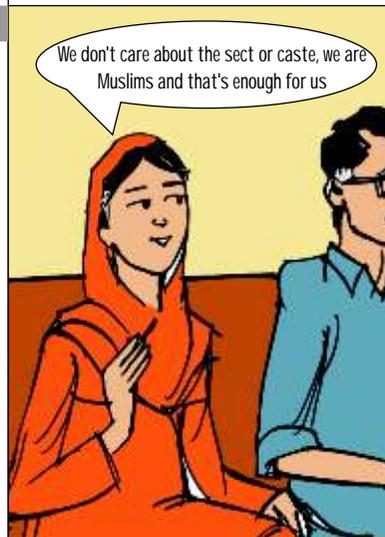

The suitors will come today

Your daughter is very decent

46

I think Noshaba broke something!

47

Has your other daughter broken something?

No! I only have one daughter

14

48

Thank God! You broke the glass. It gave me a reason to leave

49

When can we meet the boy?

50

We have shown you the picture, what is the point in meeting him?

51

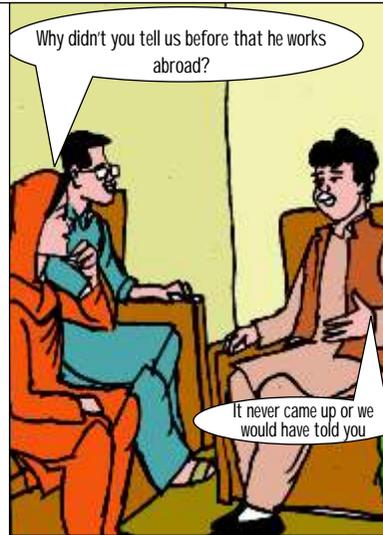

Sorry! I didn't understand

15

52

53

54

55

56 Children! Now you have to find out about the boy

57 At your service aunty!

She's serious... this isn't college where you can bunk

58 You're doing a very good job

It's my duty

59 If you keep working like this we might send you abroad for some work

Really!

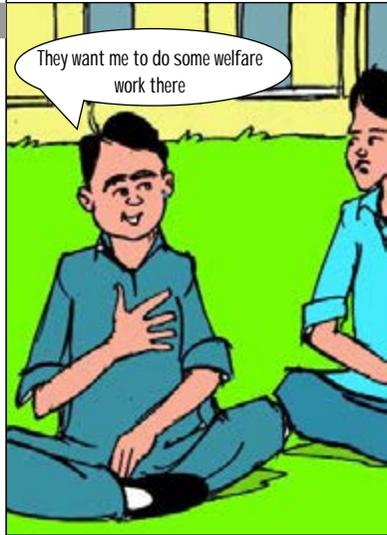

60

The people at the community center might send me abroad

Will they give you a job there?

61

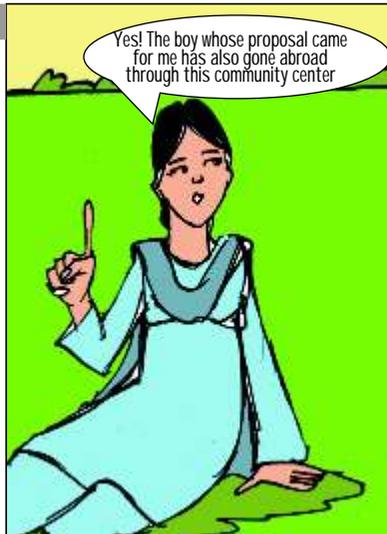

They want me to do some welfare work there

62

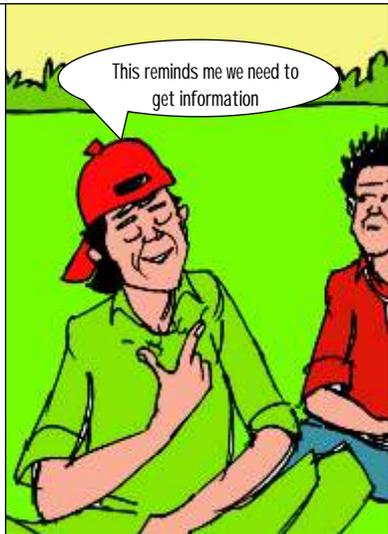

Find out at least what this welfare work is?

63

64

65

66

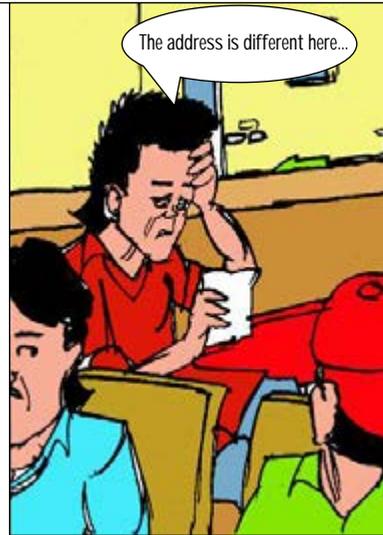

67

81

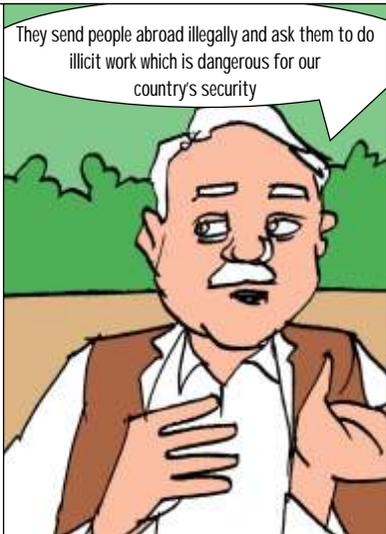

82

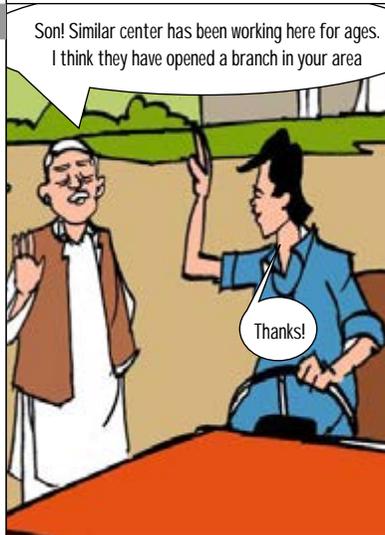

What are these illegal activities?

83

They send people abroad illegally and ask them to do illicit work which is dangerous for our country's security

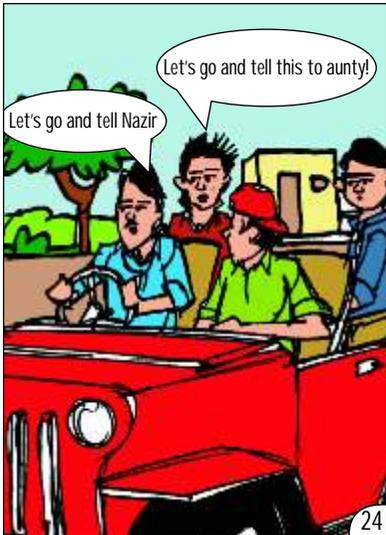

84

Son! Similar center has been working here for ages. I think they have opened a branch in your area

Thanks!

85

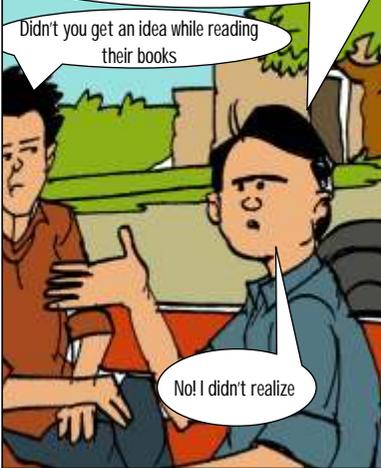

Let's go and tell Nazir

Let's go and tell this to aunty!

86

This center is new in our area so I didn't know about it

Didn't you get an idea while reading their books

No! I didn't realize

87

Without checking background no one should go to work for any organization

88

Thank God! We got to know before it was too late

I was quite impressed with their work

89

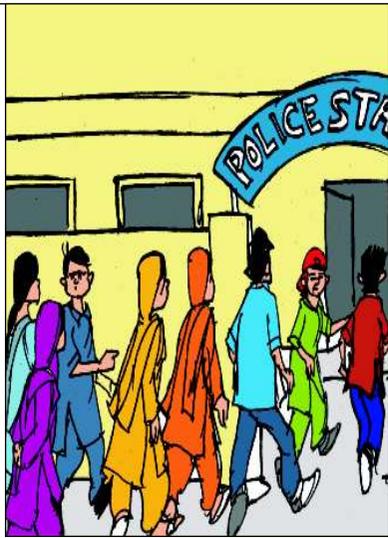

I also did a lot of work for this organization but thank God I didn't get involved too much

It is better to first investigate

90

91

92

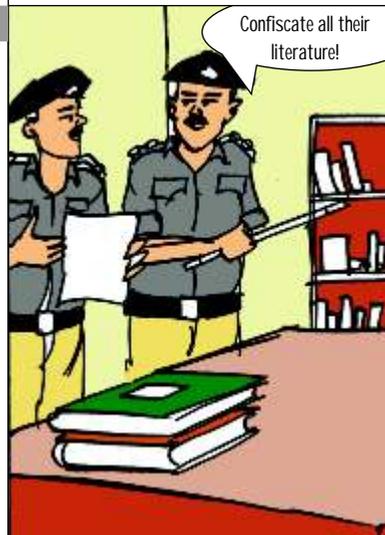

93

94

95

Confiscate all their literature!

96

Take their people to the police station and interrogate them

Sir! We have also arrested women

27

97

98

99

100

101

Sir! Their leader is abroad!

Find out where all these centres are located

102

Their leader's brother gives lectures in this community center

Find him and bring him to me

103

We have gotten the address of printing press

Seal the center!

104

How do they work at such a large scale?

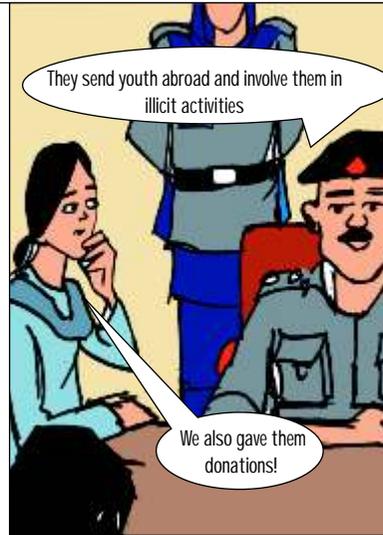

105

They operate with a different name but their activities remain the same which is why it is not easy to capture them

106

They send youth abroad and involve them in illicit activities

We also gave them donations!

107

Thank you for the information

It is our national duty

108

Never give donations to any organization without acquiring information about them

109

Thank God! We were saved

110

Don't they work for the welfare of the people

Apparently they do welfare work but in reality is spreading hatred

111

I used to think banned organizations do not work at such a large scale

Yes! I cannot believe it either

112

Such organizations are a threat to those organizations which are working legally
